Education

BE-Computer Science

2014 — 2018

University College of Engineering,Osmania University.

CGPA - 7.67(First Class with Distinction)

Intermediate

2012 — 2014

Sri Chaitanya Junior College,Bhaskar Bhavan,Kukatpally.

Percentage - 93.7

SSC

2007 — 2012

Bhashyam Public School,Kukatpally.

GPA - 9.7

Work experience

Oracle

June 2018 — Present

Application Developer-1

In Oracle, I was into a couple of product development teams called Opower & Oracle Utilities Application Framework(OUAF). OUAF is the core framework for all the leading utilities edge applications like CCB,MDM and WAM which are providing business solutions to customers. OUAF is based on object and Java EE based framework, which emphasis on the configuration rather than code to extend the product line.

OUAF is responsible to manage,secure,operate,extend and integrate all the rules implemented on top of it by the edge products.

I was majorly working on the bugs, defects , enhancments and small developments of the various components of OUAF as part of my daily activities.

In Opower, which is one of the acquired products by Oracle. I was working on improving the UI experience for the existing utilities products like CSS, and converting them into DSS(digital self service). I was also working on API's using the traditional REST API services. I developed the Jenkins patch tool for them, which would help with the daily build process in the form of patches.

Apps Programmer/Analyst 1

I worked as a intern in Wellsfargo,Hyderabad as part of my last semester.My profile included development and ad hoc support for ETL(Extract,transform and Load) applications in Data Analytics.Our project was named CAR(Credit Analysis and Reporting), we try to analyse the impact of the credit history of some organisation/personnel in the long term and report the same to the bank.I was working closely with team both in India and USA to deliver ETL solutions through MSBI/SQL Server/Report development.

South Central Railways of India,Lalaguda

May 2017 — July 2017

Web Developer

I worked on a summer-internship as part of my 6th semester in South Central Railways, Lalaguda. As part of the internship we were asked to re-skin some of the railways websites, to make them much more compatible across devices and to improve their user interactive experience. Apart from that, our team of five people developed a portal for them,named online tender monitoring system. Which helps them to maintain details of the various tenders they receive on a day to day basis. And to generate various reports of these tenders, which would consist details like the cost involved,time period,completion time and other various factors depending on type of the tender issued.

Acheivements

- 1.Secured State 9th rank in the AMTI-Andhra Pradesh Association of Mathematics Teachers Examination.
- 2.Placed 755th in a online coding competition conducted by Adobe Codhers Codesprint.
- 3.Placed 2574th of a total of 9k members in a online weekly coding competition conducted by Week of Code.
- 4.Have been selected twice for the Ramanujan and NTSE examinations in the pre-college mathematics competitions.

Technical Competencies

- Programming Languages :C++(Strong),Java(Good),Python(Strong),Groovy.
- Databases:SQL,MySQL,SQL Server.
- Technologies :XML,Weblogic servers,REST API's.
- Certifications :Machine Learning with AWS(Lynda), Hadoop(Coursera),Programming with Python course(Coursera).
- Scripting Languages :PHP,JavaScript,Python,Groovy.
- Web Frameworks :Bootstrap,Django.

Projects

- 1.FaceRecognitionwithPython: The python program detects the faces present within a webcam or a image file and highlights the faces present in the image or webcam.
- 2.Social website:Made a interactive social website with Html,Css,bootstrap on frontend and Mysql as backend,where user can post,send friend requests,chat with friends etc.
- 3.Blog using Django: Made a blog which updates the information about the coding tips using Django Frameworks.

Extra Circular Activities

- 1.Participated in Football,Cricket,Table Tennis tournaments in Oracle and in college.
- 2.Been as a campus Ambassador for the website named "weblistr" which was used to rate different websites according to trusted users who have used them and share their experience with the websites.
- 3.Organised an event named MovieQuiz in the Annual Cultural Fest for two straight years.
- 4.Organised an gaming event in the Annual Technical Fest.
- 5.Placed 4th in the annual college table tennis singles competition.

Personal Details

Father's Name: M Prabhakar Rao

Mother's Name: M Siva Nageswari

Date of Birth: 3rd December 1996.

Address: H.No:4-6-137/w/117,Plot No:117,Sai Nagar West Colony,Kukatpally,Hyderabad-500072.
