WORK EXPERIENCE

Software Engineer
Oracle

06/2018 - Present   *Hyderabad,India*

I was part of IDC, Utilities Global Business Unit which provides cloud solutions to utility-based customers.

Achievements/Tasks
- In Oracle, I was in a couple of product development teams called Opower & Oracle Utilities Application Framework(OUAF). OUAF is the core framework for all the leading utilities edge applications like CCB, MDM and WAM. In Opower, which is one of the acquired products by Oracle. I was working on improving the UI experience for the existing utility products like CSS, and converting them into DSS(digital self-service).

Apps Programmer/Analyst - I(Internship)
Wellsfargo

01/2018 - 05/2018   *Hyderabad,India*

Achievements/Tasks
- I worked as an intern as part of my final semester. My profile included development and ad hoc support for ETL(Extract, transform and Load) applications in Data Analytics. Our project was named Credit Analysis and Reporting, we try to analyze the impact of the credit history of some organization/personnel in the long term and report the same to the bank.

Web Developer(Internship)
South Central Railways of India

05/2017 - 07/2017   *Hyderabad,India*

Achievements/Tasks
- I worked on a summer-internship as part of my 6th semester in South Central Railways, Lalaguda. We were asked to re-skin some of the railway's websites, to make them much more compatible across devices and to improve their user interactive experience. Apart from that, our team of five people developed a portal for them, which helps them to maintain details of the various tenders they receive on a day to day basis.

EDUCATION

Bachelor of Engineering
University College of Engineering,Osmania University

08/2014 - 05/2018   *CGPA: 7.67(First Class with Distinction)*

Intermediate
Sri Chaitanya Junior College

2012 - 2014   *Percentage: 93.7*

High School
Bhashyam Public School

2007 - 2012   *GPA : 9.7*

SKILLS

Data Structures
●●●●○

Algorithms
